

News: First Dental Visit Certification for Children

SURPRICE! DDS Dental Care will give our little patient who comes for the first dental checkup the **First Dental Visit Certification**. In order to memorize this special event, our dentists will note your child's present teeth condition and suggest useful recommendations on the certifications.

If the child has been our patient and hasn't yet received one, we will also give him/her the **First Dental Visit Certification**. Just come to our three clinics and request for this memorious certificate.

News: Value-Added Package Can Use Card now !

In appreciation of your continuous support to our Value-Added Package, we will initiate a more convenient **magnetic membership card** system instead of the coupons. This new system will be in effective from mid-April, 2010, and the previous package will gradually transformed into our new magnetic card system. Here is the detailed information on the New package:

Benefit of Value-Added Package:
