

News: Congratulations! Rego International School has become our new member

Rego international School has become our new member! Starting Jan. 2010, all students and the teachers in Rego will receive a 10% discount for their treatments in our three clinics.*

In Dec. 2009, DDS Dental Care joined Rego's Christmas charity event. Through this event, Rego had decided to become one of our loyal members. Our clinics will continue to provide the best services to students and faculties of Rego international School as always.

- * The discounts are limited to oral examination, cleaning, filling, x-rays, fluoride treatment, and extraction.
- * These discounts cannot be combined with other packages in DDS Dental Care, such as the Value-added Package.

News: Orthodontics Training at Faculty of Dentistry in The University of Hong Kong

In order to improve our clinic's management skills and absorbing the newest orthodontics technology, we sent out a team to the Prince Philip dental hospital, an affiliated hospital of the faculty of dentistry in the University of Hong Kong for a week long seminar.

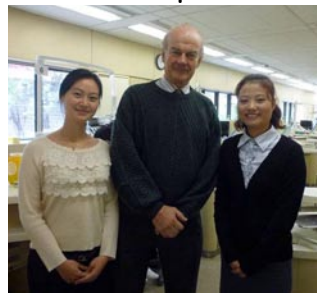

In Dec.2009, our clinic managers :Julia Xu(Pudong Clinic), Summer Gu(Puxi Clinic), Maggie Wu(Hongqiao Clinic) and Sharon Xue,the assistant of orthodontics, went to Hong Kong for the training.

The Prince Philip dental hospital is well known for their experienced teaching background and rich clinical practices to the students in the University of Hong Kong. During the one week training, our managers and assistant were impressed with their top notch clinical technologies and materials as well as their efficient yet people oriented operating procedures. As a team, they have gained new aspects through out the daily clinical operations to orthodontic's technical practices, and wish to pass on these values into our Shanghai clinics in order to bring the greatest satisfaction to our patients and the brightest smiles of all.
